# Sustainability

Tempus

## Key questions on Sustainability:

### Democracy is:

EU-like elections or  
it's mechanisms to  
influence management  
process in universities?

or

“one-size fits all” or it's  
a wide variety?

### Development of SSG:

Just to have start-up  
facilities or it's initial  
motivated team

### Students autonomy:

Could exist in  
particular areas

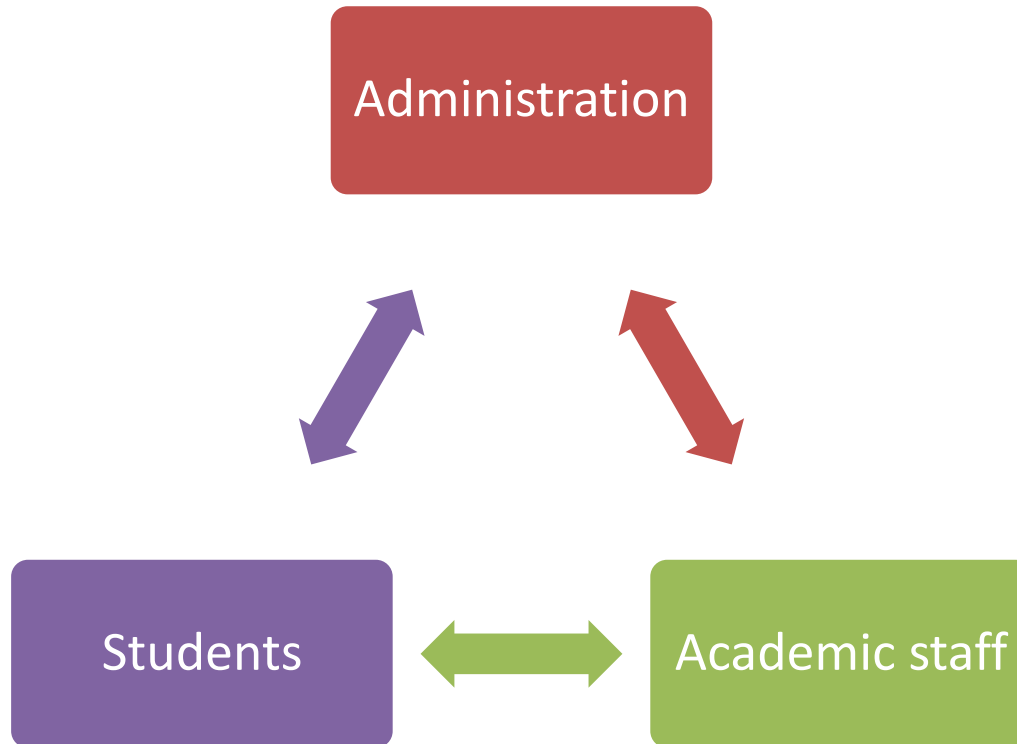

or just incorporation  
into university  
governing bodies?

Tempus

## Balance of interests of key actors of SSG: Equilateral triangle

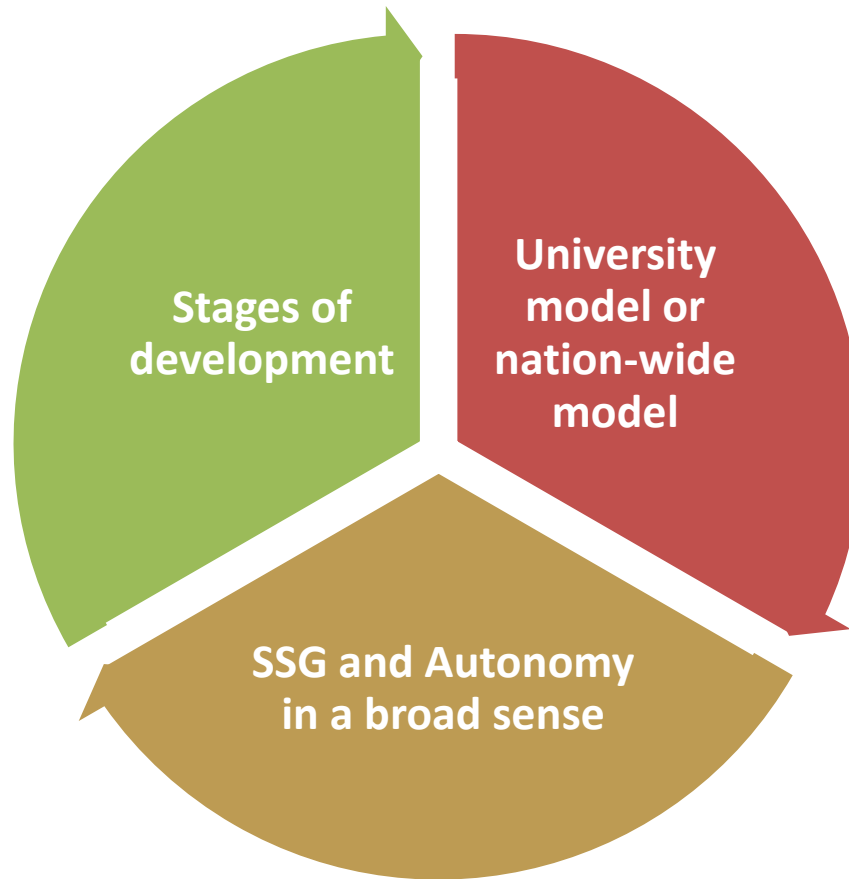

Tempus

## New vision of SSG: implications for future

Tempus

## Preconditions:

1. National Survey
2. Stipulation in the Law “About Education” – SSG
